**COLORADO SPRINGS**

Accessibility Features on Campus Map

To add accessible features such as parking locations and door access points to the interactive campus map, follow these steps:

1. Open the campus map website at https://map.uccs.edu/
2. From the map interface, select the "Landmarks" dropdown menu.

3. This will display a variety of different options:

Key options in this menu include:

- **Accessible Routes:** Highlights paths throughout campus and inside buildings which are accessible by wheelchair.
- **Accessible Doors:** Identifies doors that are motor operated.

- **Accessible Parking:** Displays parking lots with designated accessible parking spaces.
- **Elevators:** Marks the locations of elevators within campus buildings.
